2015

Pusher -

Outfitting Coordination MegaYacht

– superstructure detail design Pipe Laying Vessel – system coordination (subcontractor)

Offshore Steel Structure – detail design.

Fishing Vessel – elongation detail design PSV – Hull structure detail design (subcontractor)

2014

HSV

– detail structure design (subcontractor)

Arctic Container Vessel – Class and Detail design ESPADON EAS 200 – Drilling systems coordination (subcontractor)

2013

FPSO – Petrojarl Banff turret area refitting FPSO – Enquest Producer turret area refitting Drilling Platform II – Structure Workshop Documentation Drilling Platform – Structure Workshop Documentation

2012

Concept Design of 70 t Bollard Pull Tractor Tug.

Hull Detail 3D Design for Offshore Windfarm Construction Vessel.

Systems Coordination for Offshore Windfarm Construction Vessel - Cadmatic.

Workshop Documentation of Helideck Unit for Megayacht - Nupas.

Detail design for drilling platform.

2011

Concept Design of 8000 t Heavy Offshore Lift Unit.

Detail design for deck rearrangement of 200m Cruiser.

Detail design of steel outfitting for NB special purposes transport vessel..

Detail design of steel outfitting for 80m Mega Yacht..

Systems coordination for 85m PSV vessel..

Hydraulic system coordination for JackUp Vessel.

2010

68m Ferry - Detail design.

Concept design of 43m Ferry- Initial Design

Concept Design of 43m Catamaran (GAS FUELED)- Initial Design.

Concept Design of 53m Geo Drilling Vessel/Offshore Support Vessel - initial design

2009

30m Passenger Ship- Class documentation.

TUG/PUSHER- Class documentation

OFFSHORE SUPPORT VESSEL- workshop documentation.

2008

OFFSHORE SUPPORT VESSEL - Workshop dokumentation

ROV VESSEL - Class an Workshop documentation

OIL FIELD SUPPLY VESSEL - Class an Workshop documentation

2007

AHTS - workshop documentation (NUPAS).

150 ton aluminium superstructurefor 80m mega yacht - workshop documentation (NUPAS).

2006

Container ship 950 TEU - design and class documentation.

75m mega yacht - workshop documentation (NUPAS).

110 m Seismic vessel - rebuilding documentation.

2005

Gaz de France 153000 m3 LNGC - nesting and cutting files (NESTIX).

Heavy Cargo multipurpose vessel - contract documentation.

70 m Mega Yacht - workshop documentation (NUPAS).

Container Ship 1800 TEU - design and construction.

2004

Multipurpose vessel - workshop documentation.

Oil field Supply Vessel - workshop documentation.

4000 TEU - container ship.

RO-RO ship 15000 DWT - design and construction.

12000 DWT tanker - design and construction.

2003

Over 40 knots Patrol Boat - initial design.

1300 TEU Open Top Container Ship - offer documentation.

35 knots Pilot Boat - steel&aluminium design and construction.

Cable Lying Vessel - class documentation.

2002

43m Hotel Ship - design and construction inc. full workshop documentation.

Container Vessel "Santiago Express" - class and workshop documentation for container stowage system rebuilding.

2001

3000 TEU container vessel, class documentation inc. scantling and FE calculation of ER area.

850 TEU, classification documentation.

2000

Oil Supply Vessel, workshop documentation.

FPSO conversion, workshop documentation.

Container Vessel "Cap Finisterre", class and workshop documentation for container stowage system rebuilding.

Seiner vessel, workshop documentation.

8200 TEU Container vessel, workshop documentation.

1999

35m Research - Prevention catamaran ship, design and construction, workshop documentation.

Fast (over 35 knots) aluminium motor boats, workshop documentation

45m trawler conversion, workshop documentation and supervising
